Dear Jack:

Thanks for your letter of 8 March 1983. I have checked over the Frank Small & Associates proposal, and found it to be very competently done. If they can carry it out as designed, it should produce a first-rate product -- one of substantial use to the industry. It sounds as if they will be finished just about the time I will be in Singapore. If it seems useful, I could visit K.L. on the afternoon of May 18, 23 or 24. Please let me know in due course.

I was in Brazil recently on another matter, and there seems to be some interest in an economic impact study there as well. In any event, they are very interested in seeing the Malaysia results.

With best personal regards.

Yours sincerely,

Ingo Walter, Chairman
International Business
